

High-Pressure Cleaning Checklist

1. Driveway and Concrete Cleaning: Removing dirt, tire marks, moss, and oil stains from driveways and paths.
2. House Exterior Washing: Soft-wash or pressure wash of building exteriors, walls, and eaves.
3. Deck and Patio Cleaning: Washing wooden decks, paving stones, and patios to eliminate grime and algae.
4. Pool Surrounds and Tiled Areas: Cleaning pool decks, paving, and outdoor tiles to remove algae and leaf stains.
5. Fence and Wall Cleaning: Washing dirt and mildew from fences and walls.
6. Roof and Gutter Cleaning: Clearing dirt, lichen, and moss from roofs, and flushing gutters.
7. Paver and Concrete Surface Cleaning: Cleaning patios, driveways, and walkways made of pavers, concrete, or stone.
8. Building Facade and Brick Cleaning: Washing commercial building exteriors, brick facades, and rendered walls.
